Many Murderous Assaults and Other Law Infractions in Carolina's Capital.

[Special to The Times-Dispatch,] RALEIGH, N. C., April 23.—Raleigh's (Special to the Zimes-Dispetch.)

RALEIGH, N. C., April 23.—Raicigh's record for murders, murderous assaults and other infractions of the law growing out of "blind tiger" and other lawiess conditions seems to grow worse, the record last night having been two murderous assaults, in addition to the usual run of minor offenses. George Rogers, nineteen years old, attempted to kill Phillip Feace, another negro of the same age. Later in the night Frank Hinton, colored, rushed into the police station covered with blood, which was pouring from a long and ugly gash in his head. Will Drake, another negro, was drinking with him. They quarreled; the Drake negro left, and a little later, as Hinton went from the house, he was set upon by Drake and another negro, receiving the ugly wound at their hands.

Governor Kitchin and his Council of State have decided that they have no authority to authorize the directors of the State Hospital for the Insane at Morganton to employ counsel to defend the hospital authorities in the remarkable suit brought against them for damages for murder committed by a patient who had been released from the institution as improved and not dangerous. The patient killed a young woman, and the suit is by the father of the deceased. Governor Kitchin has written the directors that he and his associate State officers are in doubt as to having authority to authorize employment of the counsel asked for.

New Charters.

Three new charters were granted today: The J. F. Ward Company, Lexington, capital \$16,000, for mercantile business, by J. T. Hendrick and others: the Walker-Staley Company. High Point, \$16,000, by R. N. Walker, A. P. Staley and others, for mercantile business, and the Watauga Supply Company, Valle Crucis, \$3,500, by R. L. Wowe and others.

Governor Kitchin has issued a requisition on the Governor of South Carolina for Forney Ward, wanted in Columbus county for manufacturing and selling whiskey and for other offenses. He is in jail at Conway, S. C.

The Natural Remedy

The delicate and intricate character of the female organs males them most susceptible to irregularity, and it is most important that each one should be kept in condition to perform its duties in a normal manner. Not powerful and expensive remedies which are so drustle as to damage the tender lining of the bowels and do more harm than good, but a pure and harmless laxative such as HUNYADI JANOS Water, the famous Natural Laxative. ½ a tumberful taken on arising will move the bowels gently but conspicously and in a natural manner.
